Dear Mr. Jenkins:

Thank you for the update on the Pebble Project. We spoke with your consultant, Jenna App, and she indicated that Northern Dynasty values the input of the Alaska Outdoor Council and is eager to partner with the AOC to ensure that any concerns that we may have about the proposed project are addressed. We would like to learn more about the Pebble Project, and may ask you to attend a board meeting in the coming months.

The Alaska Outdoor Council believes that responsible resource development is an important part of Alaska's economy. If done in a responsible way, the Pebble Project has the potential to create thousands of jobs in an area of Alaska that has seen much economic hardship, while not harming the region's outstanding hunting and fishing opportunities. We are reserving any judgment on the Pebble Project until Northern Dynasty has finalized the project details. With careful engineering and input from groups like the AOC, we believe that the Pebble Project has the potential to have a positive impact on Alaska, and we look forward to an ongoing dialog with Northern Dynasty.

Thank you,

Rod Arno
Executive Director
Alaska Outdoor Council
